2026 PRICE PROTECTION PROGRAMS

Dear Valued Customer,

We are pleased to once again offer you three extra pricing/payment options designed to help you control your propane costs. These plans are available for whole home/business heating accounts (using a 330 gallon tank or greater).

Pre-Buy Program

Pre-Buy Rate: **\$1.99⁹**/gallon

Pre-Buy offers the LOWEST POSSIBLE RATE for your propane. You pay in advance in full at a special pre-season price of \$1.999/gallon, and your fuel is delivered as you need it.

Price noted does not include sales tax and compliance fees, if applicable. Payment due in full at the time you enroll. If you pre-purchase propane but do not receive all your propane by your contract end date of 4/30/2027, excess pre-purchase payments will remain as a credit on your account to be used toward subsequent propane purchases at current market rates. If you need more fuel than you pre-purchased, additional gallons are priced at the market rate at the time of delivery.

Budget Payment Plan w/ Fixed Rate

Budget Fixed Rate: **\$2.09⁹**/gallon

Our budget option combines a FIXED RATE with the added convenience of 12 EQUAL MONTHLY PAYMENTS. Your payments are customized to your usage, and are always due on the 20th of each month.

Make twelve equal monthly payments beginning on 8/20/26 and ending with your last payment on 7/20/27. If two consecutive budget payments are delinquent, a \$29.99 reinstatement fee will be assessed to your account for every month you are behind. Budgets will be recalculated in January 2027 and could be increased or decreased depending on propane usage. Please note: If you successfully completed the 2025-26 Budget Program, you will automatically be enrolled in the 2026-27 Budget Program, unless you request otherwise.

Price Cap Protection

Price Cap Rate: **\$2.29⁹**/gallon

Our price cap option gives you a WIN-WIN SITUATION of always paying the "lowest possible rate." This year's program caps your propane rate for the season at \$2.299/gallon. That means even if fuel rates rise, your rate is capped at \$2.299. Plus, if market rates fall, you benefit with that lower rate! *That's because the cap price isn't a fixed rate — it's only there to protect you in the event rates rise.*

Price noted does not include sales tax and compliance fees, if applicable. Program includes a one-time non-refundable fee of \$69.99 due at the time you enroll (tax included). Cap rate good through 4/30/27. If your account is not paid in full within sixty days from the date of delivery, a \$29.99 reinstatement fee will be assessed to your account for each additional month you are behind.

To participate, simply complete and mail the enclosed application. You can also enroll online easily and securely at www.altogas.com. We look forward to serving you this year and for years to come!

Sincerely,
Your Local Altogas Service Team

PRICE PROTECTION PLAN (Choose One)

Pre-Buy Program (Purchase a 1-year supply!) Payment Due Now:

Pay in Full

Contract end date is 4/30/27.

Table with 3 columns: Qty. Gallons, Pre-Buy Price/Gal., Totals w/ Tax. Row 1: Gal. x \$1.999/gal. = \$; Row 2: Credit On Account as of: -\$; Row 3: Total Due Today \$

Budget Payment Plan with Fixed Rate Payment Due Now:

NONE

We will calculate payments based on your projected usage and this year's fixed price of \$2.099/gallon. Please note: If you successfully completed the 2025-2026 Budget Program, you will automatically be enrolled in the 2026-2027 Budget Program unless you request otherwise.

Price Cap Protection Payment Due Now:

\$69.99

I agree to pay the enrollment fee of \$69.99 now (tax included) to secure a propane price cap beginning now through 4/30/27 that will not exceed \$2.299/gallon (plus sales tax and compliance fees).

PAYMENT INFORMATION (For Pre-Buy Program or Price Cap Protection only)

Check Enclosed

Credit Card: Card #: _____ Exp. Date: _____ Security Code #: _____

PLEASE NOTE: A 330 gallon tank or greater is required to participate in any Price Protection Program.

I understand that I am entering into a contract with Altogas, Inc. and agree to purchase propane under the pricing plan and delivery terms that I have selected above, beginning at the date below through the contract end date that I have selected. Unused Pre-purchase funds will remain as a credit on my account to be used toward subsequent propane purchases at market rate. I agree that if my account is not paid in full within sixty days from the date of propane delivery, or if I miss two consecutive budget payments, a \$29.99 reinstatement fee will be assessed to my account. Regulatory compliance charges, local, state or any other government imposed fees or taxes are not included in the above contract prices. Propane orders placed after the contract end dates will be priced at market rate. Your fuel delivery method will not change unless you notify your local Altogas office. No refunds will be given until after the end date of the program. A Termination Fee of \$200 will be charged to cancel the terms of this contract at any time during the contract period.

PROPANE SAFETY IN YOUR HOME

If You Suspect a Propane Leak...

- **Inspect the tank for leaks.** Apply soapy water where the cylinder valve meets the regulator outlet, then slowly open the cylinder valve. Bubbles indicate a leak.
- **Eliminate ignition sources.** Extinguish open flames and do NOT switch lights or appliances on/off or use your phone—any spark could cause an explosion.
- **Close the tank's main gas valve.** Turn off the main supply at the tank.
- **Evacuate immediately.** Move everyone to a safe, distant location away from the leak.
- **Call Altogas or 911** from a neighbor's phone or after you are at a safe distance. Do NOT re-enter the building.
- **Stay out until the leak is controlled.** Only return when the fire department or responders declare the area safe.
- **Arrange a tank inspection and repair.** Before using propane appliances again, have the tank and system inspected and repaired to prevent recurrence.
